or Sustaining Members**

Rotary clubs hands over Port Antonio Rotary Park

**Nice little article that was in the local paper
in Jamaica about the project we completed.**

-Dr. Paul Jones

The Port Antonio Primary School students received a Sports Park from Rotary Club international at an official handing over ceremony held on the school compounds on Friday, October 18.

The Rotary Park built with a multi-purpose court, a resurfaced playing field, a retaining wall and complete fencing valued over 120 thousand US dollars. The Port Antonio Rotary Park was jointly funded by both the Port Antonio Rotary Club and Naples North Rotary Club of Florida. Paul Jones, Past President of Naples North Rotary Club was proud of the primary school students and said "Students I am extremely proud of what you did today. Study hard, free your mind, keep working hard and good things will happen to you and do not forget to give back to your community."

"Rotary has done close to a quarter million US dollars worth of projects in Portland," said Jones. The project has been in the planning since June 2009.

"It should be lit so people can utilize their time day and night to put it to full use, lights need to be done," said Dr. Satya Parvataneni as he emphasized on the need of lighting for the facility. Dr. Parvataneni expressed thanks to the Sports Development Foundation, the Police Youth Club, RADA, the Port Antonio Inland Revenue and the Forestry Department who planted trees around the park.

"The Ministry of education wishes to congratulate the management of Port Antonio Primary for partnering with the Rotary Club of Port Antonio to upgrade the recreational facilities at the school. We specially commend the Rotary club for taking on this project," said Janet Brim (Regional Director for Region two), representing the Minister Of Education, Hon. Ronald Thwaites.

The park is open to the community also.

Kasey Williams (journalist for Northcoasttimes)

Monthly message of Rotary President Ron D. Burton

Every Rotarian joins Rotary for his or her own reasons. Often, the reason someone decides to join isn't the same as the reason that person ultimately decides to stay. When I was asked to join Rotary, I accepted because I thought it would be a good way to get more involved in my community. In the end, though, what really got me excited about Rotary service was something I didn't even know about when I joined: our Rotary Foundation.

I knew I could do plenty of good work through my Rotary club in Norman, Okla., USA. But through our Foundation, I could have a hand in the work of every single Rotary club and district around the world. I could look at any Foundation-supported project, any Foundation program, any country that was declared polio-free, and say: I helped make that happen.

Once I realized that, there wasn't any turning back.

I've been very fortunate that over the years, I've gotten to see an incredible amount of our Foundation's work firsthand. The more I see, the more passionate I become about our Foundation. When you visit a school for AIDS orphans and meet the kids who are being cared for, educated, and taught a trade – and when you know, as you look into their faces, that if it weren't for our Foundation, they would be sleeping on the street, eating out of the trash – you don't ever see our Foundation in the same way again.

We are in the middle of one of the most exciting years we have ever known for our Rotary Foundation. We've just rolled out a new grant model, one that will challenge and inspire us all to think bigger and to develop more ambitious projects that will have a more lasting impact. We've accepted a new challenge from the Bill & Melinda Gates Foundation, which has committed to match, two to one, every Rotarian dollar contributed to polio eradication for the next five years, up to US\$35 million per year. And we are now fighting the final battles in our war against polio – a war we are absolutely committed to win.

Our Foundation's goal always has been Doing Good in the World. With our new grant model, we aren't going to be satisfied with simply doing good. We will do the most good we can, in the most lasting ways possible – for the people who need us the most.
